

## **HORIZON-WIDERA-2021-ERA-01-09: Support for policy makers – Programme level collaboration between national R&I programmes**

| <b>Specific conditions</b>          |                                                                                                                                  |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| <i>Expected EU contribution per</i> | The Commission estimates that an EU contribution of between EUR 2.00 and 3.00 million would allow these outcomes to be addressed |

**Horizon Europe - Work Programme 2021-2022**  
**Widening participation and strengthening the European Research Area**

|                               |                                                                                                                                                                                                                             |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>project</i>                | appropriately. Nonetheless, this does not preclude submission and selection of a proposal requesting different amounts.                                                                                                     |
| <i>Indicative budget</i>      | The total indicative budget for the topic is EUR 10.50 million.                                                                                                                                                             |
| <i>Type of Action</i>         | Coordination and Support Actions                                                                                                                                                                                            |
| <i>Eligibility conditions</i> | The conditions are described in General Annex B. The following exceptions apply:<br><br>Legal entities established in non-associated third countries may exceptionally participate in this Coordination and support action. |

Expected Outcome: Projects are expected to contribute to the following expected outcomes:

The actions funded under this topic will coordinate national and regional R&I programmes by pooling national resources and contributing to the alignment of national research and innovation policies. The expected outcomes:

- Identification of common research and innovation priorities agreed among the participating national and regional R&I programmes, taking into account international developments where relevant;
- Implementation of multiannual joint calls, resulting in the funding of transnational collaborative R&I projects;
- Implementation of other joint activities supporting the market, regulatory or societal uptake of results;
- Contribution to participating states meeting Global Challenges, including relevant contribution to the SDGs.

Scope: Since the introduction of the European Research Area (ERA) and starting of FP6, Programme level collaboration among Member States and their research and innovation programmes has become a cornerstone of the ERA, with annual investment from Member States of more than EUR 800 million per year. More than 250 networks among research funders have been created over time, serving different research needs but always coordinating public research investments across borders and allowing researchers to apply for calls for transnational research projects funded by the participating states.

The new policy approach to European Partnerships limits co-funding to Member State collaboration to Union and Horizon Europe priorities. Therefore, the ERA part of the Horizon Europe provides the possibility for Member States, Associated Countries and civil society organisations such as foundations, to maintain existing and establish new collaborations on priorities of their choice.

The successful proposal should align national and regional research funding programmes (managed by national or regional programme owners / managers) on agreed common
